VOLUME 8. JANESVILLE, WIS., MONDAY, JUNE 20, 1864. NUMBER 96.

THE NEWS.

One week ago last Saturday, General Sheridan achieved a victory over the rebels at Trevelain Station near Gordonsville. He completely routed the enemy and captred 20 officers, 500 men and 300 horses. The number of rebel killed is not stated. Our loss is set down at 575 of which number 490 are wounded. The rebel Col. McAllister was killed and Gen. Rascal (appropriate name) was wounded. He then thoroughly destroyed the railroad for some miles. Advancing upon Gordonsville he found the place occupied by a superior force of rebels, and, as his ammunition was nearly exhausted, he withdrew.

The latest from Grant is up to Saturday evening. The dispatches state that our forces advanced to within a mile of Petersburg where they found the enemy occupying a new line of entrenchments which, after successive assaults, we failed to carry, but have entrenched our advanced position taken from the enemy within his lines. It is inferred that Beauregard has been reinforced from Lee's army.

Gen. Sherman reports that the enemy has again given way and that he is in pursuit.

Gold is 98.

THE MILWAUKEE *News* wants the Janesville GAZETTE to tell its (the GAZETT's) readers why it can consistently support Lincoln and yet detest the Blair family whom, the *News* asserts, Lincoln loves.

As consistently as the Editor of the *News* can love his friend and yet detest the cancer that burrows in his flesh. The prompt application of the merciless knife of the surgeon for the removal of an obnoxious tumor does not lessen any one's love for the suffering patient. The Blair family is a hideous blotch upon the present Administration, as the thief Floyd was upon that of Jimmy Buchanan's, with this difference, Buchanan's was so totally diseased and scabby that one could not tell for the life of him which was the Administration and which was the blotch!

WE HAVE European news by the Belgian and Saxonia to the 3d inst. The Danish Conference at London was still in session, the armistice having been continued for fifteen days. The hopes of preserving peace were rather slender. The British Ministry were recently defeated in Parliament, on what question is not stated, by five majority. The Count de Paris, Louis Philippe's grandson, who fought in the Army of the Potomac in the Peninsula campaign, has just been married to the Princess Isabella of Spain, the daughter of his uncle, the Duke Monpensier.

THE STRENGTH OF GRANT'S ARMY.—The editor of the Albany *Evening Journal*, who has just returned from Grant's army, makes the following stratement, which may be regarded as reliable:

"The strength of the army is as great to-day as it was when it crossed the Rapidan. Our losses up to the first of June, did not exceed 41,000. These figures are from the official returns, and embrace everything. Our losses, since then, have not exceeded 10,000, and more than 60,000 fresh troops have joined Gen. Grant since the 25th of May.

REBEL LOSSES.—The Richmond *Enquirer* about ten days since gave a list of eleven thousand one hundred and thirty rebel wounded who have been sent to hospitals from Lee's army, and three thousand and forty-four from Beauregard's command. This probably covered about half the total loss, as many have been taken to Lynchburg and other places. Add then, eleven thousand taken prisoners by Grant and Butler, and four or five thousand killed outright, and we can approximate to the rebel losses thus far during this memorable campaign.

MR. H. J. SMITH, an ex-planter of Mississippi, has been lecturing in Southampton in favor of Secession. The audience, however, unanimously passed the following: "That this meeting having heard the lecture of Mr. Smith in referrence to the present state of affairs in the United States of America, desires to record its unaltered conviction, that Slavery is the ground and origin of the war now lamentably raging therein."

STAUNTON is the most important western station of the Virginia Central railroad, and almost from the beginning of the war has been an objective point—constantly attempted and never reached. It is but sixty miles from Lynchburg, and thirty-five from Charlottesville.

THE FORTY-SIXTH Iowa regiment (hundred day men) left Davenport, Iowa, for the lower Mississippi last Tuesday.—Though not among the States originally tendering these troops, Iowa cannot lag behind when the government needs more men.

A CARGO of 40,000 shovels and a lot of siege guns was shipped from Washington a few days since, consigned to Gen. Grant. Does this indicate that spades are to be trumps in the great game in front of Richmond?

JOHN P. HALE, John F. Potter and Preston King are mentioned in connection with the Canada Consulate made vacant by the death of J. R. Giddings. The salary is $4,000 per annum.

GEN. FOSTER, commanding the Department of the South, has issued an order at Hilton Head, commanding all white male residents between 18 and 50, refugees excepted, to organize as military and drill once a week.

STATE NEWS.

The Madison *Journal* learns from Dr. William Hobbins that on the 14th a bright son of Mr. Lewis, of Vienna, about 4 years old, was kicked in the forehead by a colt, severely fracturing the skull. The child was living at last accounts, but there was scarcely any hope of its recovery.——The Delavan *Patriot* states that the work on the Methodist Church in that village is progressing rapidly. The timbers of the "towering spire" are already up, and make an imposing appearance.——The steamer *War Eagle*, says the La Crosse *Republican* of the 16th, passed down the river this afternoon with the sixth Reg't of Minnesota volunteers, for Helena Arkansas. This regiment has, for the past two years, been engaged in fighting Indians. The same paper says navigation and vegetation are suffering for the want of rain. The drouth, which has prevailed for about two years past, is leaving sad evidences of its severity. Streams that were navigable and swimmable are now fordable or dustable. The crops begin to look faint.——By the report of the Provost Marshal it appears that Winnebago County is behind only twenty-six men on all the drafts heretofore ordered.——A Coroner's Jury, composed of some of the most intelligent citizens of Kenosha, held an inquest on those dead by the recent accident on the Lake Shore Road, and found a verdict that the accident was caused by the sand blowing on the track, and by stones being placed on the rails by a person or persons unknown.——The Kenosha *Telegraph* says that Mr. Kitteridge, the express messenger who was injured by the railroad accident there last week, has so far recovered from his injuries as to be able to be removed to his home in Chicago. We hear that he will soon be around again. John Riley, the water boy, who was much worse injured, seems to be improving slowly, and doing as well as could be hoped. He was very seriously injured, but his physician thinks that youth and a good constitution will bring him around. ——The Congregational Society of Delevan have put in their church a fine organ, with seven stops and four hundred pipes.

--Near Wausau, last week, an insurance agent mistook his road, got lost, stopped at a farm house, persuaded the man to insure his house for $1,450. He had made out the papers and started on his way, but before he had got a quarter of a mile, the cry of fire called him back, and for two hours he worked to help save the property he had not half an hour before insured. ——The Monroe *Sentinel* has an interesting letter from the Fifth Battery dated at Rome, Georgia, to reach, which the battery had done its fair share of fighting without, however suffering any loss.——The Madison *Journal* says that Recruiting officer George W. Davis, from Polk county, has secured some thirty men for the 7th regiment, mainly Chippewa Indians half-breeds, and has left for the army of the Potomac. These Indians make excellent soldiers.——On Tuesday Sergeant M. Wells, Co. E. 3rd Cavalry, when trying to get on a train at Milton Junction, fell, and was dragged some 20 feet. His Captain caught him just in time to save him from being run over by another train. His collar bone was fractured but was set by Dr. W. Hobbins, under whose care he has done well.——The barque Two Fannies, Capt. John F. Moore, recently picked up between the Whale's Back and Death's Door, a fishing boat, painted white with green stripe, and named the Coquette. A hole was stove in her bottom, mainmast and boom broken, and sails all split. In the boat was a valise containing two small white shirts marhed "F. T." and two envelopes addressed to "Mrs. Eliza Jane Merton, Lisbon, Waukesha Co. Wis." Wisconsin papers please copy. Send information tending to unravel mystery to the office of the Green Bay *Advocate*.

CLEVELAND VS. BALTIMORE AND A DISGUSTED BLAIR PAPER.—The St. Louis *Republican* is exercised at the action of the Baltimore Convention in rejecting the amendment of Preston King, which Mr. King voted against—to admit the "claybank" delegation from Missouri. The *Republican* pronounces it a "deliberate insult," and adds that, "as regards the conservative members of the cabinet, Messrs. Bates and Blair, it has a particular significance," and is a thorough reading out of those gentlemen from the party. It concludes as follows:

"From present appearances the Cleveland and Baltimore conventions ought to have been reversed. It is the latter that looks like the radical concern, while there are many things in the Cleveland platform and especially in the letter of Gen. Fremont accepting the nomination, which present the first as by far the more conservative of the two."

S. S. SHOOT, army contractor, has been sentenced by military commission for wilful neglect of duty in violation of the act of Congress, to a fine of ten thousand dollars and imprisonment in Fort Deleware until such fine is paid, provided the imprisonment does not exceed three years.

TAKEN.—Mr. Wm. Philips, the man who drowed his children in the town of Highland, as noticed in our last issue, has been arrested, and is now in jail at Dodgeville. Many doubt his insanity, and believe him a wicked murderer of his own offspring.—*Mineral Point Tribune*.

A REMEDY FOR WOUNDS.—The smoke of burning wool, if applied to cuts and bleeding wounds, is said to produce immediate relief and cure by coagulating the albumen. Ulcers and cutaneous diseases are also said to experiance benefit from the same treatment.

IN TROUBLE.—A fellow in this city who goes by the name of "Ginger," has come to grief on the great charge of making indecent exposures of his person. He was arrested and when the trial came on this morning, he became quite boistrous, charging the witnesses with lying, etc. The Justice sent him to the county hotel to board until to-morrow morning.

ARRESTED.—Several boysv arying in age from 10 to 15 years, were arrested this morning for stealing some fire crackers &c., out of some Chicago & Northwestern freight cars yesterday (Sunday.)

It is time an example was made of some of those juvenile offenders, who let no opportunity pass in which they can exercise their thievish propensities,

ACCIDENTAL DROWNING.—Daniel O'Conner only son of John O'Conner of this city, was downed at Freeport yesterday morning while in bathing. He was a young man of good habits, and the only support of his aged parents. He has been employed as brakesman on the Galena Road for the last eighteen months. His body was recovered and reached this city at 2 o'clock this afternoon.

SPRING IS THE SEED-TIME OF DISEASE.—All who are suffering from indisposition to think, languor, fatigue after walking, palpitation of the heart, distress after eating, heartburn, depression of spirits, desire for solitude, sick and nervous headache, and a number of other affections of this class, rendering a person unfit for the society of his friends or the world, we say, take the Red Jacket Stomach Bitters, which are sold by all druggists throughout the country. june20daw1m.

SHOWER IN ROCK COUNTY.—At Evansville, Shopiere, Center, Beloit and we presume many other places in this county, there were refreshing showers yesterday, which will go a long ways toward insuring good crops in those particular localities. In this immediate vicinity we had a slight sprinkle only, not enough to lay the dust thoroughly, and consequently too light to benefit vegetamuch. We are waiting and watching for rain.

PRESBYTERIAN FESTIVAL.—The ladies of the Presbyterian Society are again busy in preparation for their festival, which takes place on Wednesday evening next, at the Hyatt House. Those who were appointed on the various committees are expected to aid in the same capacity as that they did on the previous occasion. No effort will be spared to make the festival equal if not superior to any thing held in this city the present season.

LOCALS IN BRIEF.—Yesterday we had a big promise of rain, but it ended by *raising* a great deal more dust than it *laid*. It rained just enough to say rain and that was all. The clouds are inexcusably stingy this summer.——We find J. B. Doe, of this city, among the bidders for the new National loan, to the amount of $25,-000.——The habit which some people have of hitching their horses to the shade trees that stand picket guard along our streets, is a very bad practice and ought to be abandoned at once and forever. An industrious horse can girdle and kill a tree in a few minutes that took somebody's time and patience several years to grow. Think of this, O horsemen, the next time you hitch your nag to a tree. Remember, also, that a tree is a living being which eats, drinks, breathes, sleeps and sings the same as anybody else, and if you would only listen and understood their language, you could hear them singing the beautiful song written by George P. Morris, slightly altered thus:

Ho, Horseman, spare this tree,
Don't gnaw my tender skin,
A post is near, you see,
All covered o'er with tin;
There let him stamp and bite
While you spark Sally Ann;
There can be no delight,
In robbing me of tan (bark).

——G. P. Wooster, formerly of this city, has opened a wagon shop in Whitewater. ——Mr. J. C. Bailey has disposed of his boot and shoe establishment to his brother, the Doctor.——Our friend Cassody returned from the Baltimore Convention, last Saturday night. He speaks of the entire hopefulness which seems to prevail everywhere, that the present summer will end the great rebellion. So mote it be.

Ticket-of-Leave Man.

We publish the following letter from a well known Chicago clergyman in reference to the great moral drama of the "Ticket-of-Leave Man."

CHICAGO, April 12, 1864.

Col Wood—*Dear Sir:* Having heard frequent and favorable reports of the dramatic piece called the "Ticket-of-Leave man," now being represented at your Theater or Museum. I was induced to attend last evening with my family, and the character of the entertainment pleased me so much, that I cannot resist the desire, although a stranger to you, to thank you for introducing this play to the Chicago people.

There can be no doubt but all persons have a natural love for the dramatic art, and a very liberal share of the community is disposed to patronize it, but a respectable number have hesitated to countenance theatres on account of their associations and abuses. Clergymen especially, who perhaps needed this kind of recreation more than any other class, both as a means of instruction in the art of speaking, and as a pleasant relaxation from anxiety and study, have generally feared to set the example of attending such places, because they saw so many things to disapprove.

In spite of all opposition, however, the theater flourishes. It was perhaps never more popular than it is to-day. It must be recognized as one of the strong powers in social life; but whether it is accomplishing more good than evil, I will not here undertake to decide. But of this I feel confident. If the character of the plays were always up to the level of the one I witnessed in your place last evening, setting aside one or two small exceptions, the most fastidious, yea the most Christian people would have no cause to complain. Virtue and goodness would have a voice raised in their defense scarcely less powerful than that of the pulpit. Allow me, therefore, to express the earnest desire that the same high tone, the same freedom from objectional words and acts, the same moral influence will characterize all your future efforts to instruct and please the citizens of Chicago.

You cannot, certainly, complain that our citizens have not appreciated your attempt to give them a decent drama. The crowds of people that have been present on so many successive nights, prove that it is *not* necessary to pander to any low tastes in order to obtain a liberal patronage,

Yours truly. J. H. TUTTLE,
Pastor of the Church of the Redeemer.

OFFICIAL BULLETIN.

WAR DEPARTMENT WASHINGTON, June 18.—*To Major General Dix:*—Despatches from Gen. Sheridan have just been received. He reports a victory over the enemy at Trevelain Station on the Virginia central railroad four miles south of Gordonsville, where Gen. Lee a few days since reported a rebel victory. The official report is as follws:

I have the *honor* to report to you the arrival of my command at this point, and also to report its operations since leaving Newcastle Ferry. I arrived at the Pamunky river on the 7th inst., marching via., Atelles and encamped on Herring creek on the morning of the 8th. I resumed the march via., Polo Cat station and encamped 3 miles west of the Station, on the 9th I marched through Childsburg and New Market, encamping on Erie creek near Young's bridge. On the 10th, I marched via., Anderson's Tavern and Devens, crossing both branches of the North Anna, and encamped at Buck Childs about 3 miles northeast of Trevelain Station. My intention was to break the railroad at this station and march through Mechanicsville, cut the Gordonsville & Charlottsville railroad near Lindsays House, and then to march on Charlottsville, but on our arrival at Buck Childs I found the enemy's cavalry in our immediate front. On the morning of the 11th Gen. Torbett with his division and Col. Gregg, of Gen. Gregg's division attacked the enemy, and after an obstinate contest they drove him from their successive lines of breastworks, through an almost impassable forest back on Trevelain Station.

In the meantime, Gen. Custar was ordered with his brigade to proceed by a country road so as to reach the station in the rear of the enemy's cavalry. On his arrival at this point the enemy broke into a complete route, leaving all his dead and nearly all his wounded in our hands, also, 20 officers, 500 men and 300 horses. These operations occupied the whole day; at night I encamped at Trevelian Station and on the morning of the 12th inst., commenced destroying th R. R. from this point to Lonisa Court House. This was thoroughly done, the ties burned and the rails rendered unservicable. The destruction of the railroad occupied until 3 o'clock of this day, when I directed Gen. Torbett to advance with his division and Gen. Davis' brigade of Gen. Gregg's division in the direction of Gordonsville and attack the enemy, who had concentrated and been reinforced by infantry during the night, and had also constructed rifle pits at a point about five miles from Gordonsville. The advance was made, but as the enemie's position was found too strong for an assault, no general attack was made. On the extreme right of our lines a portion of the reserve brigade carried the enemie's works twice, and was twice driven therefrom by infantry.

Night closed the contest and I found upon examination of the command that there was not sufficiency of ammunition left to continue the engagement. The next day trains of cars came down to where we engaged with the enemy. The information of prisoners and citizens was that Picket's old division was coming to prevent the taking of Gordonsville. I therefor, during the night withdrew my command over the North Anna, via, Carpenter's Ford, near Turner's bridge. In addition, the animals were for two entire days in which we were engaged without forage. The remainder of my cavalry had nothing but grazing of a very inferior quality, and generally at such points that we were inaccessible to use to its use. The cavaly engagement of the 12th was the most brilliant of the present campaign. The enemy's loss was very heavy; they lost the following officers in killed and wounded: Col. McAllister, commanding a regiment, killed; Brig. Gen. Rascal, commanding a brigade, wounded, and Col. Custar, commanding a regiment, wounded.

My loss in killed and wounded will be about 575. Of this number 490 are wounded. I brought off in my ambulances 377, all that could be transported. The remainder, with a number of rebel wounded that fell into my hands, were left behind. Surgeons and attendants were detailed to remain in charge of them.

When the enemy broke, they passed between Gen. Custar's command and Col. Gregg's brigade, capturing 5 caissons of Pennington's battery, three of which were afterward's re-captured, leaving in their hands two caissons. A more detailee report will be made hereafter.

[Signed] E. M. STANTON,
Sec'y of War.

WAR DEPARTMENT, WASHINGTON, June 19, 9:45 P. M.—*To Gen. Dix:*—This evening a dispatch from City Point, dated 9 oclock this morning reached the Department. It reports that our forces advanced yesterday to within a mile of Petersburg where they found the enemy occupying a new line of entrenchments which, after successive assaults, we failed to carry, but hold and have entrenched our advanced position taken from the enemy within his lines. It is inferred that Beauregard has been reinforced from Lee's army.

No report has been received by this Department concerning the casualties of the army in its operations since crossing James river, except the death of Maj. Morton mentioned yesterday.

Gen. Sherman reports to-day that the enemy gave way last night in the midst of darkness and storm, and at daylight Sherman entered his line from right to left. The whole army is in pursuit as far as the Challahatchie. Gen. Sherman adds: I start at once for Marietta.

There is no military intelligence from any other quarter. E. M. STANTON.

SHERIFF'S SALE on Foreclosure.—IN CIRCUIT COURT, Rock County.—Gideon Welles, plaintiff, against Lewis E. Stone and Mary A. Stone, his wife, the Central Bank of Wisconsin, and the First National Bank of Janesville, Wisconsin, defendants.

In pursuance and by virtue of a judgment of foreclosure and sale of the Circuit Court in and for Rock county, made and entered in the above entitled action on the 19th day of May, A. D. 1864, in favor of the above named plaintiff, and against the above named defendants, I shall sell as the law directs, at public auction to the highest bidder, on

THE EIGHTH DAY OF AUGUST, A. D. 1864,

at ten o'clock in the forenoon of that day, at the steps in front of the Myers House, on Main street, in the city of Janesville, in the county of Rock and state of Wisconsin, "all of the following described pieces or parcels of land situate in the county of Rock and state of Wisconsin, described as follows, to wit: Lots three (3) and four (4) in block forty-five (45), in the village of Janesville, according to the recorded plat thereof. AFTERNOON DISPATCHES.

4 O'clock P. M.

THE WAR IN VIRGINIA.

NEW YORK, June 20.—*Time's* special from headquarters 18.—Birney's division, 3d corps, occupied a line within 250 yards of the city and threw a few shell into Petersburg, firing several hours.

A Washington Dispatch from the Headquarters army of the Potomac 18th, says there was very severe fighting yesterday along the greater fort line and most determined efforts were made to break the enemy's line, but little ground however was gained except on the left.

FROM THE SOUTH.

NEW YORK, June 20.—The Richmond *Sentinel* of the 13th, has an account of Hunter's operations. It appears his cavalry have raided through Wilson county upon the line of the Charlottsville railroad, also on Concord C. H. 18 miles east from Lynchburg, and upon Campbell C. H. The purpose seems to be to isolate Lynchburg and possibly to lay seige to it.

IN ADVANCE.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

THE NEWS.

One week ago last Saturday, General Sheridan achieved a victory over the rebels at Trevelain Station near Gordonsville. He completely routed the enemy and captred 20 officers, 500 men and 300 horses. The number of rebel killed is not stated. Our loss is set down at 575 of which number 490 are wounded. The rebel Col. McAllister was killed and Gen. Rascal (appropriate name) was wounded. He then thoroughly destroyed the railroad for some miles. Advancing upon Gordonsville he found the place occupied by a superior force of rebels, and, as his ammunition was nearly exhausted, he withdrew.

The latest from Grant is up to Saturday evening. The dispatches state that our forces advanced to within a mile of Petersburg where they found the enemy occupying a new line of entrenchments which, after successive assaults, we failed to carry, but have entrenched our advanced position taken from the enemy within his lines. It is inferred that Beauregard has been reinforced from Lee's army.

Gen. Sherman reports that the enemy has again given way and that he is in pursuit.

Gold is 98.

THE MILWAUKEE *News* wants the Janesville GAZETTE to tell its (the GAZETT'S) readers why it can consistently support Lincoln and yet detest the Blair family whom, the *News* asserts, Lincoln loves.

As consistently as the Editor of the *News* can love his friend and yet detest the cancer that burrows in his flesh. The prompt application of the merciless knife of the surgeon for the removal of an obnoxious tumor does not lessen any one's love for the suffering patient. The Blair family is a hideous blotch upon the present Administration, as the thief Floyd was upon that of Jimmy Buchanan's, with this difference, Buchanan's was so totally diseased and scabby that one could not tell for the life of him which was the Administration and which was the blotch!

WE HAVE European news by the Belgian and Saxonia to the 3d inst. The Danish Conference at London was still in session, the armistice having been continued for fifteen days. The hopes of preserving peace were rather slender. The British Ministry were recendy defeated in Parliament, on what question is not stated, by five majority. The Count de Paris, Louis Philippe's grandson, who fought in the Army of the Potomac in the Peninsula campaign, has just been married to the Princess Isabella of Spain, the daughter of his uncle, the Duke Monspensier.

THE STRENGTH OF GRANT'S ARMY.—The editor of the Albany *Evening Journal*, who has just returned from Grant's army, makes the following stratement, which may be regarded as reliable:

"The strength of the army is as great to-day as it was when it crossed the Rapidan. Our losses up to the first of June, did not exceed 41,000. These figures are from the official returns, and embrace everything. Our losses, since then, have not exceeded 10,000, and more than 60,000 fresh troops have joined Gen. Grant since the 25th of May.

REBEL LOSSES.—The Richmond *Enquirer* about ten days since gave a list of eleven thousand one hundred and thirty rebel wounded who have been sent to hospitals from Lee's army, and three thousand and forty-four from Beauregard's command. This probably covered about half the total loss, as many have been taken to Lynchburg and other places. Add then, eleven thousand taken prisoners by Grant and Butler, and four or five thousand killed outright, and we can approximate to the rebel losses thus far during this memorable campaign.

MR. H. J. SMITH, an ex-planter of Mississippi, has been lecturing in Southampton in favor of Secession. The audience, however, unanimously passed the following: "That this meeting having heard the lecture of Mr. Smith in referrence to the present state of affairs in the United States of America, desires to record its unaltered conviction, that Slavery is the ground and origin of the war now lamentably raging therein."

STAUNTON is the most important western station of the Virginia Central railroad, and almost from the beginning of the war has been an objective point—constantly attempted and never reached. It is but sixty miles from Lynchburg, and thirty-five from Charlottesville.

THE FORTY-SIXTH Iowa regiment (hundred day men) left Davenport, Iowa, for the lower Mississippi last Tuesday.—Though not among the States originally tendering these troops, Iowa cannot lag behind when the government needs more men.

A CARGO of 40,000 shovels and a lot of siege guns was shipped from Washington a few days since, consigned to Gen. Grant. Does this indicate that spades are to be trumps in the great game in front of Richmond?

JOHN P. HALE, John F. Potter and Preston King are mentioned in connection with the Canada Consulate made vacant by the death of J. R. Giddings. The salary is $4,000 per annum.

GEN. FOSTER, commanding the Department of the South, has issued an order at Hilton Head, commanding all white male residents between 18 and 50, refuges excepted, to organize as military, and drill once a week.

STATE NEWS.

The Madison *Journal* learns from Dr. William Hobbins that on the 14th a bright son of Mr. Lewis, of Vienna, about 4 years old, was kicked in the forehead by a colt, severely fracturing the skull. The child was living at last accounts, but there was scarcely any hope of its recovery.——The Delavan *Patriot* states that the work on the Methodist Church in that village is progressing rapidly. The timbers of the "towering spire" are already up, and make an imposing appearance.——The steamer *War Eagle*, says the La Crosse *Republican* of the 16th, passed down the river this afternoon with the sixth Reg't of Minnesota volunteers, for Helena Arkansas. This regiment has, for the past two years, been engaged in fighting Indians. The same paper says navigation and vegetation are suffering for the want of rain. The drouth, which has prevailed for about two years past, is leaving sad evidences of its severity. Streams that were navigable and swimmable are now fordable or dustable. The crops begin to look faint.——By the report of the Provost Marshal it appears that Winnebago County is behind only twenty-six men on all the drafts heretofore ordered.——A Coroner's Jury, composed of some of the most intelligent citizens of Kenosha, held an inquest on those dead by the recent accident on the Lake Shore Road, and found a verdict that the accident was caused by the sand blowing on the track, and by stones being placed on the rails by a person or persons unknown.——The Kenosha *Telegraph* says that Mr. Kitteridge, the express messenger who was injured by the railroad accident there last week, has so far recovered from his injuries as to be able to be removed to his home in Chicago. We hear that he will soon be around again. John Riley, the water boy, who was much worse injured, seems to be improving slowly, and doing as well as could be hoped. He was very seriously injured, but his physician thinks that youth and a good constitution will bring him around. ——The Congregational Society of Delevan have put in their church a fine organ, with seven stops and four hundred pipes. ——Near Wausau, last week, an insurance agent mistook his road, got lost, stopped at a farm house, persuaded the man to insure his house for $1,450. He had made out the papers and started on his way, but before he had got a quarter of a mile, the cry of fire called him back, and for two hours he worked to help save the property he had not half an hour before insured. ——The Monroe *Sentinel* has an interesting letter from the Fifth Battery dated at Rome, Georgia, to reach, which the battery had done its fair share of fighting without, however suffering any loss.——The Madison *Journal* says that Recruiting officer George W. Davis, from Polk county, has secured some thirty men for the 7th regiment, mainly Chippewa Indians half-breeds, and has left for the army of the Potomac. These Indians make excellent soldiers.——On Tuesday Sergeant M. Wolls, Co. E. 3rd Cavalry, when trying to get on a train at Milton Junction, fell, and was dragged some 20 feet. His Captain caught him just in time to save him from being run over by another train. His collar bone was fractured but was set by Dr. W. Hobbins, under whose care he has done well.——The barque Two Fannies, Capt. John F. Moore, recently picked up between the Whale's Back and Death's Door, a fishing boat, painted white with green stripe, and named the Coquette. A hole was stove in her bottom, mainmast and boom broken, and sails all split. In the boat was a valise containing two small white shirts marbed "F. T." and two envelopes addressed to "Mrs. Eliza Jane Merton, Lisbon, Waukesha Co. Wis." Wisconsin papers please copy. Send information tending to unravel mystery to the office of the Green Bay *Advocate*.

CLEVELAND VS. BALTIMORE AND A DISGUSTED BLAIR PAPER.—The St. Louis *Republican* is exercised at the action of the Baltimore Convention in rejecting the amendment of Preston King, which Mr. King voted against—to admit the "claybank" delegation from Missouri. The *Republican* pronounces it a "deliberate insult," and adds that, "as regards the conservative members of the cabinet, Messrs. Bates and Blair, it has a particular significance," and is a thorough reading out of those gentlemen from the party. It concludes as follows:

"From present appearances the Cleveland and Baltimore conventions ought to have been reversed. It is the latter that looks like the radical concern, while there are many things in the Cleveland platform and especially in the letter of Gen. Fremont accepting the nomination, which present the first as by far the more conservative of the two."

S. S. SMOOT, army contractor, has been sentenced by military commission for wilful neglect of duty in violation of the act of Congress, to a fine of ten thousand dollars and imprisonment in Fort Deleware until such fine is paid, provided the imprisonment does not exceed three years.

TAKEN.—Mr. Wm. Philips, the man who drowed his children in the town of Highland, as noticed in our last issue, has been arrested, and is now in jail at Dodgeville. Many doubt his insanity, and believe him a wicked murderer of his own offspring.—*Mineral Point Tribune.*

A REMEDY FOR WOUNDS.—The smoke of burning wool, if applied to cuts and bleeding wounds, is said to produce immediate relief and cure by coagulating the albumen. Ulcers and cutaneous diseases are also said to experience benefit from the same treatment.

IN TROUBLE.—A fellow in this city who goes by the name of "Ginger," has come to grief on the great charge of making indecent exposures of his person. He was arrested and when the trial came on this morning, he became quite boistrous, charging the witnesses with lying, etc. The Justice sent him to the county hotel to board until to-morrow morning.

ARRESTED.—Several boysv arying in age from 10 to 15 years, were arrested this morning for stealing some fire crackers &c., out of some Chicago & Northwestern freight cars yesterday (Sunday.)

It is time an example was made of some of those juvenile offenders, who let no opportunity pass in which they can exercise their thievish propensities,

ACCIDENTAL DROWNING.—Daniel O'Conner only son of John O'Conner of this city, was downed at Freeport yesterday morning while in bathing. He was a young man of good habits, and the only support of his aged parents. He has been employed as brakesman on the Galena Road for the last eighteen months. His body was recovered and reached this city at 2 o'clock this afternoon.

SPRING IS THE SEED-TIME OF DISEASE.—All who are suffering from indisposition to think, languor, fatigue after walking, palpitation of the heart, distress after eating, heartburn, depression of spirits, desire for solitude, sick and nervous headache, and a number of other affections of this class, rendering a person unfit for the society of his friends or the world, we say, take the Red Jacket Stomach Bitters, which are sold by all druggists throughout the country. june20dawlm.

SHOWER IN ROCK COUNTY.—At Evansville, Shopiere, Center, Beloit and we presume many other places in this county, there were refreshing showers yesterday, which will go a long ways toward insuring good crops in those particular localities. In this immediate vicinity we had a slight sprinkle only, not enough to lay the dust thoroughly, and consequently too light to benefit vegetamuch. We are waiting and watching for rain.

PRESBYTERIAN FESTIVAL.—The ladies of the Presbyterian Society are again busy in preparation for their festival, which takes place on Wednesday evening next, at the Hyatt House. Those who were appointed on the various committees are expected to aid in the same capacity as that they did on the previous occasion. No effort will be spared to make the festival equal if not superior to any thing held in this city the present season.

LOCALS IN BRIEF.—Yesterday we had a big promise of rain, but it ended by *raising* a great deal more dust than it *laid*. It rained just enough to say rain and that was all. The clouds are inexcusably stingy this summer.——We find J. B. Doe, of this city, among the bidders for the new National loan, to the amount of $25,000.——The habit which some people have of hitching their horses to the shade trees that stand picket guard along our streets, is a very bad practice and ought to be abandoned at once and forever. An industrious horse can girdle and kill a tree in a few minutes that took somebody's time and patience several years to grow. Think of this, O horsemen, the next time you hitch your nag to a tree. Remember, also, that a tree is a living being which eats, drinks, breathes, sleeps and sings the same as anybody else, and if you would only listen and understood their language, you could hear them singing the beautiful song written by George P. Morris, slightly altered thus:

Ho, Horseman, spare this tree,
Don't gnaw my tender skin,
A post is near, you see,
All covered o'er with tin;
There let him stamp and bite
While you spark Sally Ann;
There can be no delight,
In robbing me of tan (bark).

——G. P. Wooster, formerly of this city, has opened a wagon shop in Whitewater. ——Mr. J. C. Bailey has disposed of his boot and shoe establishment to his brother, the Doctor.——Our friend Cassody returned from the Baltimore Convention, last Saturday night. He speaks of the entire hopefulness which seems to prevail everywhere, that the present summer will end the great rebellion. So mote it be.

Ticket-of-Leave Man.

We publish the following letter from a well known Chicago clergyman in reference to the great moral drama of the "Ticket-of-Leave Man."

CHICAGO, April 12, 1864.

Col Wood—*Dear Sir:* Having heard frequent and favorable reports of the dramatic piece called the "Ticket-of-Leave man," now being represented at your Theater or Museum. I was induced to attend last evening with my family, and the character of the entertainment pleased me so much, that I cannot resist the desire, although a stranger to you, to thank you for introducing this play to the Chicago people.

There can be no doubt but all persons have a natural love for the dramatic art, and a very liberal share of the community is disposed to patronize it, but a respectable number have hesitated to countenance theatres on account of their associations and abuses. Clergymen especially, who perhaps needed this kind of recreation more than any other class, both as a means of instruction in the art of speaking, and as a pleasant relaxation from anxiety and study, have generally feared to set the example of attending such places, because they saw so many things to disapprove.

In spite of all opposition, however, the theater flourishes. It was perhaps never more popular than it is to-day. It must be recognized as one of the strong powers in social life; but whether it is accomplishing more good than evil, I will not here undertake to decide. But of this I feel confident. If the character of the plays were always up to the level of the one I witnessed in your place last evening, setting aside one or two small exceptions, the most fastidious, yea the most Christian people would have no cause to complain. Virtue and goodness would have a voice raised in their defense scarcely less powerful than that of the pulpit. Allow me, therefore, to express the earnest desire that the same high tone, the same freedom from objectional words and acts, the same moral influence will characterize all your future efforts to instruct and please the citizens of Chicago.

You cannot, certainly, complain that our citizens have not appreciated your attempt to give them a decent drama. The crowds of people that have been present on so many successive nights, prove that it is *not* necessary to pander to any low tastes in order to obtain a liberal patronage.

Yours truly, J. H. TUTTLE,
Pastor of the Church of the Redeemer.

OFFICIAL BULLETIN.

WAR DEPARTMENT WASHINGTON, June 18.—*To Major General Dix:*—Despatches from Gen. Sheridan have just been received. He reports a victory over the enemy at Trevelain Station on the Virginia central railroad four miles south of Gordonsville, where Gen. Lee a few days since reported a rebel victory. The official report is as follws:

I have the honor to report to you the arrival of my command at this point, and also to report its operations since leaving Newcastle Ferry. I arrived at the Pamunky river on the 7th inst., marching via., Atelles and encamped on Horring creek on the morning of the 8th. I resumed the march via., Polo Cat station and encamped 3 miles west of the Station, on the 9th I marched through Childsburg and New Market, encamping on Erie creek near Young's bridge. On the 10th, I marched via., Anderson's Tavern and Devens, crossing both branches of the North Anna, and encamped at Buck Childs about 3 miles northeast of Trevelain Station. My intention was to break the railroad at this station and march through Mechanicsville, cut the Gordonsville & Charlottsville railroad near Lindsays House, and then to march on Charlottsville, but on our arrival at Buck Childs I found the enemy's cavalry in our immediate front. On the morning of the 11th Gen. Torbett with his division and Col. Gregg, of Gen. Gregg's division attacked the enemy, and after an obstinate contest they drove him from their successive lines of breastworks, through an almost impassable forest back on Trevelain Station.

In the meantime, Gen. Custar was ordered with his brigade to proceed by a country road so as to reach the station in the rear of the enemy's cavalry. On his arrival at this point the enemy broke into a complete route, leaving all his dead and nearly all his wounded in our hands, also, 20 officers, 500 men and 300 horses. These operations occupied the whole day; at night I encamped at Trevelian Station and on the morning of the 12th inst., commenced destroying th R. R. from this point to Lonisa Court House. This was thoroughly done, the ties burned and the rails rendered unservicable. The destruction of the railroad occupied until 3 o'clock of this day, when I directed Gen. Torbett to advance with his division and Gen. Davis' brigade of Gen. Gregg's division in the direction of Gordonsville and attack the enemy, who had concentrated and been reinforced by infantry during the night, and had also constructed rifle pits at a point about five miles from Gordonsville. The advance was made, but as the enemie's position was found too strong for an assault, no general attack was made. On the extreme right of our lines a portion of the reserve brigade carried the enemie's works twice, and was twice driven therefrom by infantry.

Night closed the contest and I found upon examination of the command that there was not sufficiency of ammunition left to continue the engagement. The next day trains of cars came down to where we engaged with the enemy. The information of prisoners and citizens was that Picket's old division was coming to prevent the taking of Gordonsville. I therefor, during the night withdrew my command over the North Anna, via, Carpenter's Ford, near Turner's bridge. In addition, the animals were for two entire days in which we were engaged without forage. The remainder of my cavalry had nothing but grazing of a very inferior quality, and generally at such points that we were inaccessible to use to its use. The cavaly engagement of the 12th was the most brilliant of the present campaign. The enemy's loss was very heavy; they lost the following officers in killed and wounded: Col. McAllister, commanding a regiment, killed; Brig. Gen. Rascal, commanding a brigade, wounded, and Col. Custar, commanding a regiment, wounded.

My loss in killed and wounded will be about 575. Of this number 490 are wounded. I brought off in my ambulances 377, all that could be transported. The remainder, with a number of rebel wounded that fell into my hands, were left behind. Surgeons and attendants were detailed to remain in charge of them.

When the enemy broke, they passed between Gen. Custar's command and Col. Gregg's brigade, capturing 5 caissons of Pennington's battery, three of which were afterward's re-captured, leaving in their hands two caissons. A more detailee report will be made hereafter.

[Signed] E. M. STANTON,
Sec'y of War.

WAR DEPARTMENT, WASHINGTON, June 19, 9:45 P. M.—*To Gen. Dix:*—This evening a dispatch from City Point, dated 9 oclock this morning reached the Department. It reports that our forces advanced yesterday to within a mile of Petersburg where they found the enemy occupying a new line of entrenchments which, after successive assaults, we failed to carry, but hold and have entrenched our advanced position taken from the enemy within his lines. It is inferred that Beauregard has been reinforced from Lee's army.

No report has been received by this Department concerning the casualties of the army in its operations since crossing James river, except the death of Maj. Morton mentioned yesterday.

Gen. Sherman reports to-day that the enemy gave way last night in the midst of darkness and storm, and at daylight Sherman entered his line from right to left. The whole army is in pursuit as far as the Challahatchie. Gen. Sherman adds: I start at once for Marietta.

There is no military intelligence from any other quarter. E. M. STANTON.

THE WAR IN VIRGINIA.

NEW YORK, June 20.—*Time's* special from headquarters 18.—Birney's division, 3d corps, occupied a line within 250 yards of the city and threw a few shell into Petersburg, firing several hours.

A Washington Dispatch from the Headquarters army of the Potomac 18th, says there was very severe fighting yesterday along the greater fort line and most determined efforts were made to break the enemy's line, but little ground however was gained except on the left.

FROM THE SOUTH.

NEW YORK, June 20.—The Richmond *Sentinel* of the 13th, has an account of Hunter's operations. It appears his cavalry have raided through Wilson county upon the line of the Charlottsville railroad, also on Concord C. H. 18 miles east from Lynchburg, and upon Campbell C. H. The purpose seems to be to isolate Lynchburg and possibly to lay seige to it.

The Rebel Leaders.

It is a note-worthy fact that a large portion of those insane and wicked men who were active in instigating this cruel and inexcusable rebellion, are rapidly passing away. William L. Yancey who did as much or more in the way of "firing the Southern heart" as any man in the South, is dead, and so is Floyd, T. Butler King, A. P. Butler, H. O. Wise and Bully Brooks. Col. L. M. Keitt who was the backer of Brooks in his brutal assault upon Senator Sumner and a violent advocate of the extremest views of "Southern rights," has just been killed. Henry A. Wise who, as Governor of Virginia, made all the preparations in his power for rebellion in case of Fremont's election, is ruined in mind body and estate. A gray haired mendicant, his old age a burden and a curse, he would gladly exchange places with old John Brown whom he hung, but like the Wandering Jew he is fated to live on and drink to its bitter dregs the poisonous cup of revolt which his own hands did so much to prepare. Pryor is dead politically, and now the death of Bishop Leonidas Polk adds another to the list of infamous names whose memory will be kept forever green by the righteous hatred and detestation of the pure and good through all subsequent time.

The Weather and The Crops.

PORTAGE COUNTY.

The Plover *Times* of a late date, says the drought, high winds, and frosts have almost used up the prospect of raising cereals of any amount in that direction. It adds that on Wednesday evening of last week, the windows of Heaven were opened, and the rain descended upon the parched earth.

WASHINGTON COUNTY.

The West Bend *Post* of the 16th, says the weather, for the past few weeks, has been anything but favorable for crops. Frosts a droughts are the trouble.

KENOSHA COUNTY.

The Kenosha *Telegraph*, of the 16th, says the weather yet continues cool and dry, and the drouth is beginning to be seriously felt in that section. Grass is already materially injured.

BROWN COUNTY.

The Green Bay *Advocate*, of the latest date, laments the want of rain in that section, and speaks discouragingly of the crops, but thinks rain might yet save a portion of them.

WALWORTH COUNTY.

The Elkhorn *Independent*, of the 15th says: "This whole section of country is now suffering from a severe drouth. All the crops look spindling and yellow, and are already consideraby injured, and unless we have a good rain soon we shall not have half a crop."

JACKSON COUNTY.

The Jackson County *Banner*, of the 11th speaks of a fine rain on the Saturday night previous, and of a good shower on Sunday. It fears the shower was not general.

VERNON COUNTY.

The Vernon County *Times* speaks of a light rain on Saturday night, and says the soil of that county can hold out a while yet without material damage, but fears some of the sandy counties are having their crops burned up.

DANE COUNTY.

The Stoughton *Reporter*, of the 12th, records a severe frost on the Friday night previously; and says every kind of vegetation in that vicinity is suffering for want of rain.

FOND DU LAC COUNTY.

The Fond du Lac *Commonwealth*, of the 15th, says that the crops are next to a total failure, except in the most favored localities; and that too, if we have heavy rains, for much of the wheat, barley and oats are past salvation.

CRAWFORD COUNTY.

The Prairie du Chien *Courier*, of the 15th, says the weather remains warm and dry, and the dust in the road is two inches deep. The farmers everywhere are complaining of dry weather, and unless there is rain soon the crops will be an entire failure.

POLK COUNTY.

The Polk Co., *Press*, of a recent date says: "Notwithstanding the recent dry weather, small grain, especially wheat, is looking very well. The cut-worm has destroyed nearly all the gardens, and injured, to a considerable extent, the corn.

DODGE COUNTY.

The Wanpun *Times* says: "Fruit prospects are decidedly slim this year. The hard winter killed most of the fruit buds, and very many of the trees. Late frosts have been detrimental to such as survived the cold weather. Choice and tender varieties have particularly suffered.

WINNEBAGO COUNTY.

The Oshkosh *North Western*, of a recent date, says: "The weather has been unprecedentedly dry hereabouts, thus far this season, but two or three showers having occurred during the past five or six weeks; and consequently, the wheat is very short, and in some instances we noticed that, during a recent ride out of town, it is of a yellowish appearance. Corn is also very short, and experts all unite in saying that unless we have rain in abundance soon, there will not be half a crop of either wheat or corn."

A Pronunciamento from Maxamillian.

Below we give a translation of the pronunciamento addressed to the people of Mexico by his Imperial Highness:

MEXICANS!—You have longed for my presence. Your noble nation, by a universal vote, has elected me henceforth the guardian of your destinies. I gladly obey your will. Painful as it has been for me to bid farewell forever to my own, my native country, I have done so, being convinced that the Almighty has pointed out to me through you the great and noble duty of devoting all my might and heart to the care of a people who, at last tired of war and disastrous contests, sincerely wish for peace and prosperity—a people who, having gloriously obtained their independence, desire to reap the benefits of civilization and of true progress only to be attained through a stable constitutional government. The reliance that you place in me, and I in you, will be crowned by a brilliant triumph if we remain always steadfastly united in courageously defending those great principles which are the only true and lasting bases of modern government—those principles of inviolable and immutible justice—the equality of all men before the law—equal advantages to all in attaining positions of trust and honor, socially and politically—complete and well defined personal liberty, consisting in protection to the individual and the protection of his property—encouragement to the national wealth improvements in agriculture, mining and manufactures, the establishment of new lines of communication for an extensive commerce—and, lastly, the free development of intelligence in all that relates to public welfare. The blessing of God, and with it progress and liberty, will not surely be wanting if all parties, under the guidance of a strong national government, unite together to accomplish what I have just indicated, and if we continue to be animated by that religious sentiment which has made our beautiful country so prominent even in the most troublous periods.

The civilizing flag of France, raised to such a high position by her noble Emperor, to whom you owe the new birth of order and peace, represents those principles. Hear what, in sincere and disinterested words, the chief of his army told you a few months since, being the messenger of a new era of happiness: "Every country which has wished for a great future has become great and powerful." Following in this course, if we are united, loyal and firm, God will grant us strength to reach that degree of prosperity which is the object of our ambition.

Mexicans! The future of your beautiful country is controlled by yourselves—its future is yours. In all that relates to myself I offer you a sincere will, a hearty loyality, and a firm determination to respect the laws and cause them to be respected by an undeviating and all efficient authority.

My strength is in God, and your loyal confidence. The honor of independence is my symbol; my motto you know already—"Equal justice to all." I will be faithful to my trust through all my life. It is my duty conscientiously to wield the sceptre of authority, and with firmness the sword of honor. To the Empress is confined the sacred trust of devoting to the country all the noble sentiments of Christian virtue and all the teachings of a tender mother. Let us unite to reach the goal of our common desires—let us forget past sorrows—let us lay aside party hatreds, and the bright morning of peace and of well deserved happiness will dawn gloriously on our new Empire.

MAXIMILLIAN.

WAITING FOR EVENTS.—The editor of the New York *Times* who speaks as the authoritative expounder of the Baltimore Platform, gives the following as the reason why it is silent on the questions of confiscation and reconstruction:

The simple truth is that the time has not yet come for a fixed conclusion upon the best mode of reconstruction. Such a decision now by the Union party would be premature, unsafe, and unwise. The prime element in the problem is as yet indeterminable—we mean the disposition of the Southern people after the overthrow of their armies. This, in the very nature of the case, cannot be known except by practical experience *after* that overthrow takes place. We may speculate about what it will be, ever so confidently and yet it is nothing but speculation—the stuff that dreams are made of. Too many of the strongest anticipations of even the wisest men have been falsified, in these unprecedented times, to justify any further calculation on the unseen.

TIME FOR CUTTING TIMBER.—Rail and other timber should be cut in summer. Mr. Cone of Michigan, writes to the *Rural New Yorker* as follows:

"In June, twenty nine years ago, having need of a pair of bar posts, I and cut a tree for that purpose. I cut a white oak, about two feet through at the butt, and split out a pair. The bark peeled off easily. I set them with the butt end in the ground.

Now that pair of posts have outlasted about three sets in other parts of my farm, and the rails split at that time are much better than many that were split many years after.

Now, bass wood rails, split in the summer, when they will peel easier, will outlast ordinary oak cut in winter.

NEUTRALITY.—During General Birney's recent raid through Florida, a bright little girl was found alone in one house, her parents having skedaddled. She was rather non-committal, for she did not know whether the troops were either Union or rebel. Two fine dogs made their appearance while a conversation was being held with the child, and she informed one of her questioners that their names was Gilmore and Beauregard.—"Which is the best dog?" asked a bystander. "I don't know," said she; they're both mighty smart dogs; but they'll either of 'em suck eggs if you don't. watch 'em. The troops left without ascertaining whether the family, of which the girl was so hopeful a scion, was Union or rebel.

S. D. & H. W. SMITH'S AMERICAN ORGAN.

Among the different inventions originated and perfected by American ingenuity during the past twenty years, few are more surprising than the improvements in musical instruments, especially in reed instruments known as "Reed Organs," Harmoniums and Melodeons. European taste has long seemed to have been satisfied with the Organs of Alexandre and Ployel, although neither of those instruments afford much real variety of tone, notwithstanding the makers have multiplied stops and sets of reeds, and by consequence the cost, to an extraordinary degree. The American Organ made by S. D. and H. W. Smith, Boston, may safely challenge comparison with either of them, whether as regards variety, power and sweetness of tone or cost. All reed instruments made by the best manufacturers in this country are constructed on the same principle, viz: of *drawing* the air through the reeds by an exhaustive bellows, instead of *forcing* it through them by powerful pressure; and the "American Organ" differs from its competitors mainly in three points: 1st, The great care and thoroughness exercised in manufacture; 2d, In the skillful voicing, giving as many different qualities of tone as there are sets of reeds, and 3d, In the use of a reverberating box, which builds materially to the power of the instrument without detriment to its delicacy and sweetness. Any person possessing a musical box can readily appreciate this improvement by setting it while in operation on a mantel or table, and then on a large empty box or barrel, and observing its vastly increased power and richness when in the latter position. In these three points—and they are certainly material ones—is superiority claimed for the American Organs of Messrs. S. D. & H. W. Smith over the reed instruments of other makers. The Messrs. Smith, being the most experienced Reed Organ makers in Boston, (having established themselves in 1852), and having at least equal facilities with any other makers, have always kept themselves familiar with all improvements and inventions in their department, and they confidently assert their "AMERICAN ORGANS" to be unequalled in voicing, and unsurpassed by any, at home or abroad, in purity, sweetness and power of tone. The contrivances for producing varied expression, such as the "treble forte" tremolo and the swell, and the ease with which change of stops may be made, render the American Organ, in skillful hands, capable of as much delicacy of expression and variety of effect as the expensive Harmoniums of Alexandre with their thirteen registers, and while undoubtedly far superior in durability, is sold for less than half the cost. The demand in England for Smith's American Organ is steadily increasing, and is an unerragable proof that it triumphantly stands the test of competition in their own market with the most celebrated European instruments.

WOOLEN FACTORY,

Janesville, Wis.

The subscriber at the Factory known as the

"STONE MILLS,"

on the Monterey Water Power, has two sets of wide machinery in full operation, and is now putting in the third set, making it the

Largest Mill in the Northwest,

and about three times as large as the other Factories in the State.

Having a large establishment he is enabled to employ better workmen, do business to better advantage and with more promptness, and offer to customers better inducements for their patronage than can be done at any other mill in the State.

Those who have used the cloths made at this mill, both by myself and tenants for the past 12 years can bear witness to their superior quality. If other testimony were needed, the following from the dry goods article in the Chicago *Tribune*, of November 8th, 1863, might be added:

"The trade in woolen goods is now unusually brisk, and rarely if ever have we seen such a large and varied stock in market. It is noticeable also that the best qualities are of domestic manufacture, and quite a large ex ontent of Western goods are offered. Some of the best plain cassimeres in market at present are manufactured—not in England nor France—nor even in the Eastern States—but in Wisconsin and in several portions of Illinois, Indiana and Ohio. The goods sent to our market from the "Stone Mills," Janesville, (as exhibited by their agents, Bowen Bros., of this city,) deserve special mention because of their excellence in every particular, and because we consider it our duty as a journalist to aid and foster home manufactures."

Customers may rely upon having their work done promptly, and from June 15th to Sept. 15th at the following extremely low rates.

TERMS OF EXCHANGE:

For 1¼ lbs. of wool a yard of Jeans, Tweed or Union Cassimere.

For 1¾ lbs. of wool a yard of Satinett or Flannel.

Persons living at a distance can send their wool by Railroad or by Express, with full directions, and have their wool or cloth promptly returned to them.

The Rebel Leaders.

It is a note-worthy fact that a large portion of those insane and wicked men who were active in instigating this cruel and inexcusable rebellion, are rapidly passing away. William L. Yancey who did as much or more in the way of "firing the Southern heart" as any man in the South, is dead, and so is Floyd, T. Butler King, A. P. Butler, H. O. Wise and Bully Brooks. Col. L. M. Keitt who was the backer of Brooks in his brutal assault upon Senator Sumner and a violent advocate of the extremest views of "Southern rights," has just been killed. Henry A. Wise who, as Governor of Virginia, made all the preparations in his power for rebellion in case of Fremont's election, is ruined in mind body and estate. A gray haired mendicant, his old age a burden and a curse, he would gladly exchange places with old John Brown whom he hung, but like the Wandering Jew he is fated to live on and drink to its bitter dregs the poisonous cup of revolt which his own hands did so much to prepare. Pryor is dead politically, and now the death of Bishop Leonidas Polk adds another to the list of infamous names whose memory will be kept forever green by the righteous hatred and detestation of the pure and good through all subsequent time.

The Weather and The Crops.

PORTAGE COUNTY.

The Plover *Times* of a late date, says the drought, high winds, and frosts have almost used up the prospect of raising cereals of any amount in that direction. It adds that on Wednesday evening of last week, the windows of Heaven were opened, and the rain descended upon the parched earth.

WASHINGTON COUNTY.

The West Bend *Post* of the 10th, says the weather, for the past few weeks, has been anything but favorable for crops. Frosts & droughts are the trouble.

KENOSHA COUNTY.

The Kenosha *Telegraph*, of the 16th, says the weather yet continues cool and dry, and the drouth is beginning to be seriously felt in that section. Grass is already materially injured.

BROWN COUNTY.

The Green Bay *Advocate*, of the latest date, laments the want of rain in that section, and speaks discouragingly of the crops, but thinks rain might yet save a portion of them.

WALWORTH COUNTY.

The Elkhorn *Independent*, of the 15th says: "This whole section of country is now suffering from a severe drouth. All the crops look spindling and yellow, and are already considerably injured, and unless we have a good rain soon we shall not have half a crop."

JACKSON COUNTY.

The Jackson County *Banner*, of the 11th speaks of a fine rain on the Saturday night previous, and of a good shower on Sunday. It fears the shower was not general.

VERNON COUNTY.

The Vernon County *Times* speaks of a light rain on Saturday night, and says the soil of that county can hold out a while yet without material damage, but fears some of the sandy counties are having their crops burned up.

DANE COUNTY.

The Stoughton *Reporter*, of the 12th, records a severe frost on the Friday night previously, and says every kind of vegetation in that vicinity is suffering for want of rain.

FOND DU LAC COUNTY.

The Fond du Lac *Commonwealth*, of the 15th, says that the crops are next to a total failure, except in the most favored localities; and that too, if we have heavy rains, for much of the wheat, barley and oats are past salvation.

CRAWFORD COUNTY.

The Prairie du Chien *Courier*, of the 15th, says the weather remains warm and dry, and the dust in the road is two inches deep. The farmers everywhere are complaining of dry weather, and unless there is rain soon the crops will be an entire failure.

POLK COUNTY.

The Polk Co., *Press*, of a recent date says: "Notwithstanding the recent dry weather, small grain, especially wheat, is looking very well. The cut-worm has destroyed nearly all the gardens, and injured, to a considerable extent, the corn.

DODGE COUNTY.

The Waupun *Times* says: "Fruit prospects are decidedly slim this year. The hard winter killed most of the fruit buds, and very many of the trees. Late frosts have been detrimental to such as survived the cold weather. Choice and tender varieties have particularly suffered.

WINNEBAGO COUNTY.

The Oshkosh *North Western*, of a recent date, says: "The weather has been unprecedentedly dry hereabouts, thus far this season, but two or three showers having occurred during the past five or six weeks; and consequently, the wheat is very short, and in some instances—we noticed that, during a recent ride out of town, it is of a yellowish appearance. Corn is also very short, and experts all unite in saying that unless we have rain in abundance soon, there will not be half a crop of either wheat or corn."

A Pronunciamento from Maxamillian.

Below we give a translation of the pronunciamento addressed to the people of Mexico by his Imperial Highness:

MEXICANS!—You have longed for my presence. Your noble nation, by a universal vote, has elected me henceforth the guardian of your destinies. I gladly obey your will. Painful as it has been for me to bid farewell forever to my own, my native country, I have done so, being convinced that the Almighty has pointed out to me through you the great and noble duty of devoting all my might and heart to the care of a people who, at last tired of war and disastrous contests, sincerely wish for peace and prosperity—a people who, having gloriously obtained their independence, desire to reap the benefits of civilization and of true progress only to be attained through a stable constitutional government. The reliance that you place in me, and I in you, will be crowned by a brilliant triumph if we remain always steadfastly united in courageously defending those great principles which are the only true and lasting bases of modern government—those principles of inviolable and immutible justice—the equality of all men before the law—equal advantages to all in attaining positions of trust and honor, socially and politically—complete and well defined personal liberty, consisting in protection to the individual and the protection of his property—encouragement to the national wealth improvements in agriculture, mining and manufactures, the establishment of new lines of communication for an extensive commerce—and, lastly, the free development of intelligence in all that relates to public welfare. The blessing of God, and with it progress and liberty, will not surely be wanting if all parties, under the guidance of a strong national government, unite together to accomplish what I have just indicated, and if we continue to be animated by that religious sentiment which has made our beautiful country so prominent even in the most troublous periods.

The civilizing flag of France, raised to such a high position by her noble Emperor, to whom you owe the new birth of order and peace, represents those principles. Hear what, in sincere and disinterested words, the chief of his army told you a few months since, being the messenger of a new era of happiness: "Every country which has wished for a great future has become great and powerful." Following in this course, if we are united, loyal and firm, God will grant us strength to reach that degree of prosperity which is the object of our ambition.

Mexicans! The future of your beautiful country is controlled by yourselves—its future is yours. In all that relates to myself I offer you a sincere will, a hearty loyality, and a firm determination to respect the laws and cause them to be respected by an undeviating and all efficient authority.

My strength is in God, and your loyal confidence. The honor of independence is my symbol; my motto you know already—"Equal justice to all." I will be faithful to my trust through all my life. It is my duty conscientiously to wield the sceptre of authority, and with firmness the sword of honor. To the Empress is confined the sacred trust of devoting to the country all the noble sentiments of Christian virtue and all the teachings of a tender mother. Let us unite to reach the goal of our common desires—let us forget past sorrows—let us lay aside party hatreds, and the bright morning of peace and of well deserved happiness will dawn gloriously on our new Empire.

MAXIMILLIAN.

WAITING FOR EVENTS.—The editor of the New York *Times* who speaks as the authoritative expounder of the Baltimore Platform, gives the following as the reason why it is silent on the questions of confiscation and reconstruction:

The simple truth is that the time has not yet come for a fixed conclusion upon the best mode of reconstruction. Such a decision now by the Union party would be premature, unsafe, and unwise. The prime element in the problem is as yet indeterminable—we mean the disposition of the Southern people after the overthrow of their armies. This, in the very nature of the case, cannot be known except by practical experience *after* that overthrow takes place. We may speculate about what it will be, ever so confidently, and yet it is nothing but speculation—the stuff that dreams are made of. Too many of the strongest anticipations of even the wisest men have been falsified, in these unprecedented times, to justify any further calculation on the unseen.

TIME FOR CUTTING TIMBER.—Rail and other timber should be cut in summer. Mr. Cone of Michigan, writes to the *Rural New Yorker* as follows:

"In June, twenty nine years ago, having need of a pair of bar posts, I had cut a tree for that purpose. I cut a white oak about two feet through at the butt, and split out a pair. The bark peeled off easily. I set them with the butt end in the ground.

Now that pair of posts have outlasted about three sets in other parts of my farm, and the rails split at that time are much better than many that were split many years after.

Now, bass wood rails, split in the summer, when they will peel easier, will outlast ordinary oak cut in winter.

MASONIC.—The Grand Lodge of Free Masons has just closed its annual session in Milwaukee. The following officers were elected:

NEUTRALITY.—During General Birney's recent raid through Florida, a bright little girl was found alone in one house, her parents having skedaddled. She was rather non-committal, for she did not know whether the troops were either Union or rebel. Two fine dogs made their appearance while a conversation was being held with the child, and she informed one of her questioners that their names was Gilmore and Beauregard.—"Which is the best dog?" asked a bystander. "I don't know," said she; they're both mighty smart dogs; but they'll either of 'em suck eggs if you don't watch 'em. The troops left without ascertaining whether the family, of which the girl was so hopeful a scion, was Union or rebel.

S. D. & H. W. SMITH'S AMERICAN ORGAN.

Among the different inventions originated and perfected by American ingenuity during the past twenty years, few are more surprising than the improvements in musical instruments, especially in reed instruments known as "Reed Organs," Harmoniums and Melodeons. European taste has long seemed to have been satisfied with the Organs of Alexandre and Ployel, although neither of those instruments afford much real variety of tone, notwithstanding the makers have multiplied stops and sets of reeds, and by consequence the cost, to an extraordinary degree. The American Organ made by S. D. and H. W. Smith, Boston, may safely challenge comparison with either of them, whether as regards variety, power and sweetness of tone or cost. All reed instruments made by the best manufacturers in this country are constructed on the same principle, viz: of *drawing* the air through the reeds by an exhaustive bellows, instead of *forcing* it through them by powerful pressure; and the "American Organ" differs from its competitors mainly in three points: 1st, The great care and thoroughness exercised in manufacture; 2d, In the skillful voicing, giving as many different qualities of tone as there are sets of reeds; and 3d, In the use of a reverberating box, which adds materially to the power of the instrument without detriment to its delicacy and sweetness. Any person possessing a musical box can readily appreciate this improvement by setting it while in operation on a mantel or table, and then on a large empty box or barrel, and observing its vastly increased power and richness when in the latter position. In those three points—and they are certainly material ones—is superiority claimed for the American Organs of Messrs. S. D. & H. W. Smith over the reed instruments of other makers. The Messrs. Smith, being the most experienced Reed Organ makers in Boston, (having established themselves in 1852), and having at least equal facilities with any other makers, have always kept themselves familiar with all improvements and inventions in their department, and they confidently assert their "AMERICAN ORGANS" to be unequalled in voicing, and unsurpassed by any, at home or abroad, in purity, sweetness and power of tone. The contrivances for producing varied expression, such as the "treble forte" tremolo and the swell, and the ease with which change of stops may be made, render the American Organ, in skillful hands, capable of as much delicacy of expression and variety of effect as the expensive Harmoniums of Alexandre with their thirteen registers, and while undoubtedly far superior in durability, is sold for less than half the cost. The demand in England for Smith's American Organ is steadily increasing, and is an irrefragable proof that it triumphantly stands the test of competition in their own market with the most celebrated European instruments.

on the Monterey Water Power, has two sets of wide machinery in full operation, and is now putting in the third set, making it the

and about three times as large as the other Factories in the State.

Having a large establishment he is enabled to employ better workmen, do business to better advantage and with more promptness, and offer to customers better inducements for their patronage than can be done at any other mill in the State.

Those who have used the cloths made at this mill, both by myself and tenants for the past 12 years can bear witness to their superior quality. If other testimony were needed, the following from the dry goods article in the Chicago *Tribune*, of November 4th, 1863, might be added:

"The trade in woolen goods is now unusually brisk, and rarely if ever have we seen such a large and varied stock in market. It is noticeable also that the best qualities are of domestic manufacture, and quite a large assortment of Western goods are offered. Some of the best plain cassimeres in market at present are, manufactured—not in England nor France—nor even in the Eastern States—but in Wisconsin and in several portions of Illinois, Indiana and Ohio. The goods sent to our market from the "Stone Mills," Janesville, (as exhibited by their agents, Bowen Bros., of this city,) deserve special mention because of their excellence in every particular, and because we consider it our duty as a journalist to aid and foster home manufactures."

Customers may rely upon having their work done promptly, and from June 15th to Sept. 15th at the following extremely low rates.

TERMS OF EXCHANGE:

THE DESIGNS FOR THE GETTYSBURG MONUMENT.—We understand that the committee to decide upon the design for the so-called "National" Monument at Gettysburg have awarded the preference to the plan submitted by James G. Batterson of this city.

Mr. Batterson had a large number of competitors from New York and other cities, and the award of the committee is regarded as creditable to the taste and skill of the artist.

The monument is to be of white granite, resting on a pedestal of the same material. From the pedestal will spring four buttresses, which will support an equal number of statues. These statues will represent, respectively, War, History, Peace and Plenty. The crowning statue of the whole monument is to be a colossal bronze figure of the Genius of Liberty, which will be 15 feet high. Of the entire monument the hight will be 50 feet.

The monument itself is to cost $50,000, but head-stones and other things connected with the job will bring the entire bill up to something like $120,000.—*Hartford Times June 13th.*

FARMERS, TAKE NOTICE!

The undersigned are having made at Beloit, Wis, one hundred of those Reapers known as the

Cheap, or Webber Reaper!

Notwithstanding the increase of nearly double in price over other years of all materials put in Reapers, we are going to sell for 1864 at about the same prices as before. Our prices at the shop are $110 cash for single Reaper, for Reaper and Mower $140. We are making Fifty Mowers, which will be warranted to do good work. They will be made of steel bars of the Buckeye pattern, except the hinges.

Those buying Reapers alone can have Mowers the next year or the reafter for the same price, as the difference between reaper and mower.

We do not deem it necessary to extol our Reaper, for it is already known to be the only two-horse Reaper in use. Notwithstanding a great many are used with two horses, they ought to use three or four, and some of them six, to be as easy to the horse as ours are to two ordinary horses.

Please send in your orders early to be sure of a machine, as positively only one hundred of them will be built, and we will warrant each and every machine to

Work Well in all Kinds of Grain!

The Reels will be different from last year. They will be the over hanging reel, and have six bats instead of four keeping the reel, holding the grain to the sickle steady.

They will be shipped to any depot in Wisconsin or Illinois. Ten per cent. will be added if sold on time One half the 1st of September, 1864, the balance the 1st of September, 1865

Those buying machines will confer a favor by giving this machine publicity in their respective neighborhoods. When material gets to its usual stage we intend to make it a ninety dollar machine, and should have done it but for the unprecedented high prices of everything to construct machines with.

The Reaper Shop at Afton!

will attend strictly to the repairing of the Webber Reaper. None others wanted. We are prepared to change from chain to belt, put on castor wheels upon short notice. Men will be on hand to repair promptly. Charges light as the cost of material will admit. We shall manufacture none at that place, consequently we will be prepared to repair. Work solicited. COTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystalline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or in the country by the most celebrated makers.

Signed, L. M. GOTTSCHALK.

MONDAY, JUNE 20, 1864.

THE DESIGNS FOR THE GETTYSBURG MONUMENT.—We understand that the committee to decide upon the design for the so-called "National" Monument at Gettysburg have awarded the preference to the plan submitted by James G. Batterson of this city.

Mr. Batterson had a large number of competitors from New York and other cities, and the award of the committee is regarded as creditable to the taste and skill of the artist.

The monument is to be of white granite, resting on a pedestal of the same material.

From the pedestal will spring four buttresses, which will support an equal number of statues. These statues will represent, respectively, War, History, Peace and Plenty. The crowning statue of the whole monument is to be a colossal bronze figure of the Genius of Liberty, which will be 15 feet high. Or the entire monument the hight will be 50 feet.

The monument itself is to cost $50,000, but head-stones and other things connected with the job will bring the entire bill up to something like $120,000.—*Hartford Times June 13th.*

Janesville, June 8, 1864. 639je6dawly

FARMERS, TAKE NOTICE!

The undersigned are having made at Beloit, Wis., one hundred of those Reapers known as the

Cheap, or Webber Reaper!

Notwithstanding the increase of nearly double in price over other years of all materials put in Reapers, we are going to sell for 1864 at about the same prices as before. Our prices at the shop are $110 cash for single Reaper, for Reaper and Mower $140. We are making Fifty Mowers, which will be warranted to do good work. They will be made of steel bars of the Buckeye pattern, except the blades.

Those buying Reapers alone can have Mowers the next year or thereafter for the same price, as the difference between reaper and mower.

We do not deem it necessary to extol our Reaper, for it is already known to be the only two-horse Reaper in use. Notwithstanding a great many are used with two horses, they ought to use three or four, and some of them six, to be as easy to the horse as ours are to two ordinary horses.

Please send in your orders early to be sure of a machine, as positively only one hundred of them will be built, and we will warrant each and every machine to

Work Well in all Kinds of Grain!

The Reels will be different from last year. They will be the over hanging reel, and have six bats instead of four keeping the reel, holding the grain to the sickle steady.

They will be shipped to any depot in Wisconsin or Illinois. Ten per cent. will be added if sold on time. One half the 1st of September, 1864, the balance the 1st of September, 1865.

Those buying machines will confer a favor by giving this machine publicity in their respective neighborhoods. When material gets to its usual stage we intend to make it a ninety dollar machine, and should have done it but for the unprecedented high prices of everything to construct machines with.

The Reaper Shop at Afton!

will attend strictly to the repairing of the Webber Reaper. None others wanted. We are prepared to change from chain to belt, put on castor wheels upon short notice. Men will be on hand to repair promptly. Charges light as the cost of material will admit. We shall manufacture none at that place, consequently we will be prepared to repair. Work solicited. COTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The base is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Signed, L. M. GOTTSCHALK.

STOMACH BITTERS.
STOMACH BITTERS.
STOMACH BITTERS.

The proprietors of this justly esteemed and well-known brand of Stomach Bitters, do not deem it necessary, in order to give their goods a fictitious, or even an enhanced value, to take a flag at all other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon. Knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forrest, and with the addition of a few herbs by Dr. Chaplin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid Liver or Indigestion.

They strengthen and invigorate the system
They are unequaled for general debility
They are a sure cure for dyspepsia.
They give a good and healthy appetite
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore to strength the exhausted.

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

STOMACH BITTERS.
STOMACH BITTERS.
STOMACH BITTERS.

The proprietors of this justly esteemed and well-known brand of Stomach Bitters, do not deem it necessary, in order to give their goods a fictitious, or even an enhanced value, to take *a fling* at *all* other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon. knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forest, and with the addition of a few herbs by Dr. Chapin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid Liver or Indigestion.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore to strength the exhausted.

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stepping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

The prices per quire named in the foregoing list, for blanks and blank books, of the various sizes of paper and styles and binding, are to be taken as full compensation therefor, and to include composition, printing, binding, etc., as may be required. Twenty-four full sheets of the kind of paper ordered, will be demanded for a quire, without regard to the number of blanks to the sheet. The term "pasteboard binding" will be construed to mean pasteboard sides covered with colored paper, with sheep back and corners, and gilt title and the year in figures in printer's ink, on the back of the volume. And in respect to all the work to be done and materials to be furnished, the specifications, rules for computation, directions, and all and singular the provisions of chapter 315 of the laws of 1860, entitled as aforesaid, will be considered as entering into and controlling any contract to be made for the state printing; and all bills for work or materials must be made out, filed, audited, and paid in strict conformity with the provisions of said act. Reference is therefore, particularly made to said chapter 315 for such further information as may be desired, copies of which will be furnished on application to the Secretary of State.

The style of work and quality of materials furnished, must be equal to the specimens on file in the office of the Secretary of State, which specimens, properly labeled, are kept for the inspection of bidders, and are by law made the standard criteria "for the style in which the work shall be done, as well as for the quality or materials to be furnished by the contractor."

Bids must be substantially after the following
